

Key: C Wrap Your Wings Around 01/02/04
capo: 5 ©2004 Tupelo Kenyon Pensacola, FL

G * Em C D G
Draw a little closer, and wrap your wings around
G * Em C D
Sing a little louder, so I can hold the sound
C D G C
Cradle me in tenderness, and rock me to slow down
G * Em C D G
Draw a little closer, and wrap your wings around

C D G C
It probably just seems this way, I can't believe it's true
 Am Em C D
That my angel guides would leave me here, to see what I would do
C D G C
Watching from a distance, so I could feel alone
 Am Em C D
To feel my personal power, on my way back home

Chorus

All the little details of my life showed up on time
So why would I be wondering, it's different this time
Listening for whispering, a still small voice within
Am Em C D G (D)
Please, a little louder, cause I'm still listenin'

Em C G
Maybe you are just too close to feel your warm embrace
C G C D
Feeling my emotions, sharing the same space
C D G C
My innermost imaginings, in this lonely place
 G * Em C D G
Please, give my hand a little squeeze, just in case

Chorus

Repeat last line
